Move to natural

Our brand.

We lead a movement towards a more natural way of living, by taking unnecessary plastic out of performance apparel.

Brand strategy.

Purpose-led.

We've been a purpose-led brand since the very beginning. Move to natural is our rallying cry, it's both the vision for our product and an invitation to consumers to join the movement.

Naturally better performance apparel.

We provide naturally better products to help our customers feel and perform naturally better, whatever their activity, any day of the week. This way, we offer consumers more options and reasons to enjoy their icebreaker, while creating more opportunities for innovation.

Consumer mindset.

The world is shifting to a more natural way of living. Our buying target works and trains during the week, while at the weekends they spend their time outdoors, running, hiking and skiing. Our products need to serve them seven days a week if we want to support this mindset, to enable our customers to truly move to natural.

Natural technologies.

100% Merino

Soft, lightweight and naturally odour resistant fibre that keeps you warm when it's cold and cool when it's warm.

ZoneKnit™

Zoned engineered performance to help regulate your body temperature during high-intensity activity.

Cool-Lite™

Lightweight and breathable fabric blend that's cool to the touch and quick drying.

RealFleece®

Brushed icebreaker Merino wool provides maximum warmth without the weight for comfort next-to-skin.

MerinoLoff™

Natural Merino wool insulation with a high warmth-to-weight ratio.

Shell+™

Highly wind-resistant with a water-repellent (PFC-Free) finish to keep you protected from the elements.

Four hero categories.

Base layers

Our base layers represent the core of our brand. Today, all of our base layers are plastic-free, and most are made with 100% Merino wool. Versatile, comfortable and naturally odour resistant.

Tees

We have the perfect, high-performing tee for your next adventure. Made with a variety of fabrics, from natural Merino wool to plant-based TENCEL™ Lyocell, now even more of our tees are plastic-free.

Underwear

Our underwear category complements our layering system perfectly. Ideal for active or casual use, our underwear is super soft and ultra-comfortable.

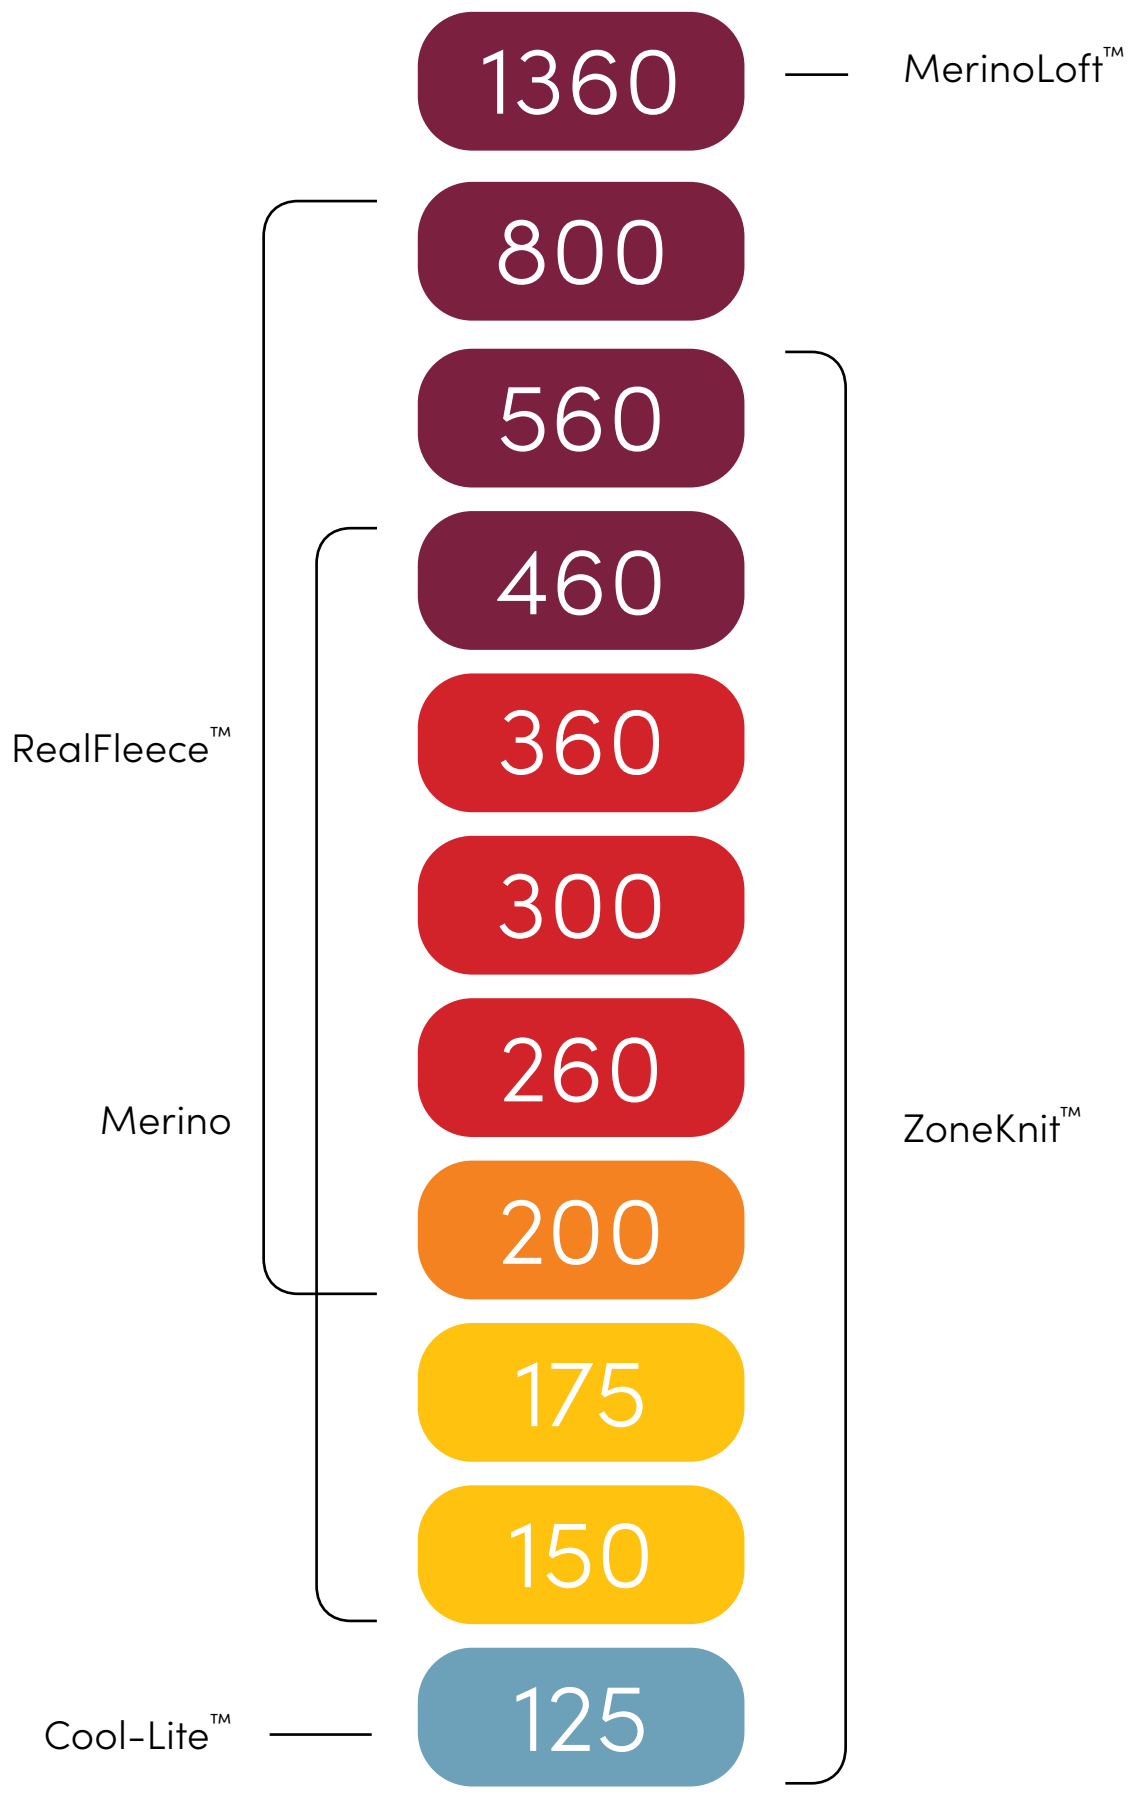

Mid layers

With our RealFleece® technology, mid layers are our most important opportunity for growth. Made with natural fibres, your mid layer is versatile, comfortable and provides the right warmth-to-weight ratio depending on your adventure.

The icebreaker warmth system.

We've adapted the warmth system to include more of our products but the same principle still applies: The bigger the number, the warmer you'll be. The lower the number, the cooler you'll be.

Our layering system.

Underwear

Start the day with nature next to your skin. Soft and lightweight fibres that allow your skin to breathe, for freshness and comfort all day.

Base/First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

Seasonal stories.

Lead with natural innovation superiority.

Inspired by light

We naturally gravitate towards light. Light absorbs, reflects, and bounces off surfaces, helping us define and make sense of our surroundings. Light illuminates our natural world, inspiring awe and wonder with every ray. Light can influence our mood and spark a light within that gives us energy and motivation. This season, light offers endless inspiration.

From our radiant, luminous colour palette to graphics inspired by the light we find in nature, art, and science. From subtle nods in material use to more obvious references in product design with colour blocking mimicking the way light moves through nature. Light gives us life, in more ways than one.

Base layer

Real comfort, better performance.

Icon: Oasis 200

Innovation: Seamless

Energy: POW x icebreaker collab

Fit renewal and new packaging

By using real Merino fibre, our base layers are naturally comfortable to enhance your performance. We're pioneers in natural performance apparel, and it all started with base layers.

Market leaders in providing a natural alternative for next-to-skin outdoor clothing, our base layers are all made from 100% merino fibres for unrivalled comfort, versatility, and naturally better performance.

Seasonal story

RealFleece™

Real warmth, without the plastic.

200 Descender

400 Descender

360 Elemental

800 High Pile

Sheep live in a variety of weather conditions and altitudes, and their fleece helps keep them cool when it's hot, and warm when it's not. The concept behind RealFleece™ is the same. Innovative performance versatility derived from thousands of years of natural evolution.

We continue to innovate with our RealFleece™ franchise, to shape the market with natural merino fleeces that offer warmth, protection and performance, without compromising on weight and on the future of our planet.

Seasonal story

Protect Our Winters

Real change, that feels better.

Hero Product: Oasis 200

We've partnered with Protect Our Winters because we believe real change will happen when we channel our advocacy.

We share the vision that only real actions can lead to a real change. With this purposeful collaboration, we aim to lead a movement and inspire passionate outdoor people to protect the places and lifestyles they love from climate change.

We've created an energising, limited-edition collection inspired by the beauty and fragility of the world's glaciers, featuring our iconic Oasis 100% merino base layer.

Together with Protect Our Winters, our focus will be on the positive footprint glaciers have and the impact it has on the ecosystem it generates downstream.

Seasonal story

Run

Real trails, real performance.

Running in merino may seem counterintuitive, but there's real science behind its performance.

Crafted with merino wool and elevated through technology, this running collection is naturally breathable, lightweight and keeps you warm, even when drenched with sweat, for unrivalled performance with every stride.

Seasonal story

Hike

Real hikes, real performance.

Hiking in head-to-toe natural fibre layers brings confidence and comfort with every step.

Whatever the trail, whatever the conditions, incredibly versatile icebreaker merino hike apparel is made for it. We've a symbiotic system of merino wool layers for every part of the trail, with each product designed to work together to keep you cool when it's hot, and warm when it's not.

Seasonal story

Snow.

Real mountains, real performance.

Warm, protective natural layers for all day comfort and performance in cold conditions.

Merino comes into its own in the winter months, we innovate with nature's performance fibre to create technical outdoor wear designed for real mountains.

Reference

Women

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

Upper Body Measurements

	XXS	XS	S	M	L	XL	2XL	3XL
Bust (cm)	70-76	76-82	82-88	88-94	94-100	100-107	107-116.5	116.5-126
Bust (inches)	27.5-30	30-32.5	32.5-34.5	34.5-37	37-39.5	39.5-42	42-46	46-49.5
Height	5' 6½ / 169m							

How to measure:

Bust	Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself.
Height	This is your true height, without the assistance of shoes.

In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

Lower Body Measurements

	XXS	XS	S	M	L	XL	2XL	3XL
Waist (cm)	56-61	61-66	66-71	71-77	77-84	84-91	91-101	101-112

Woman (inches)	WXS	WS	WM	WL	WXL			
Woven bottoms sizes	26	27	28	29	30	31	32	33

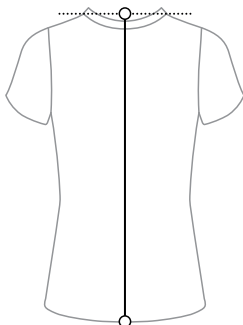

How to measure:

Waist	Measure the smallest part of the torso.
Hip	Place the measuring tape around the body at the fullest part of the hip, feet together.

In instances when your body measurements for waist and hip are in different suggested sizes, we recommend going with the size from your hip measurement.

Back Length

BL is measured from the high point of the shoulder
