Move to natural

30
years

Our brand.

We lead a movement towards
a more natural way of living,
by taking unnecessary plastic
out of performance apparel.

Our brand

Our strategy.

Natural performance apparel.

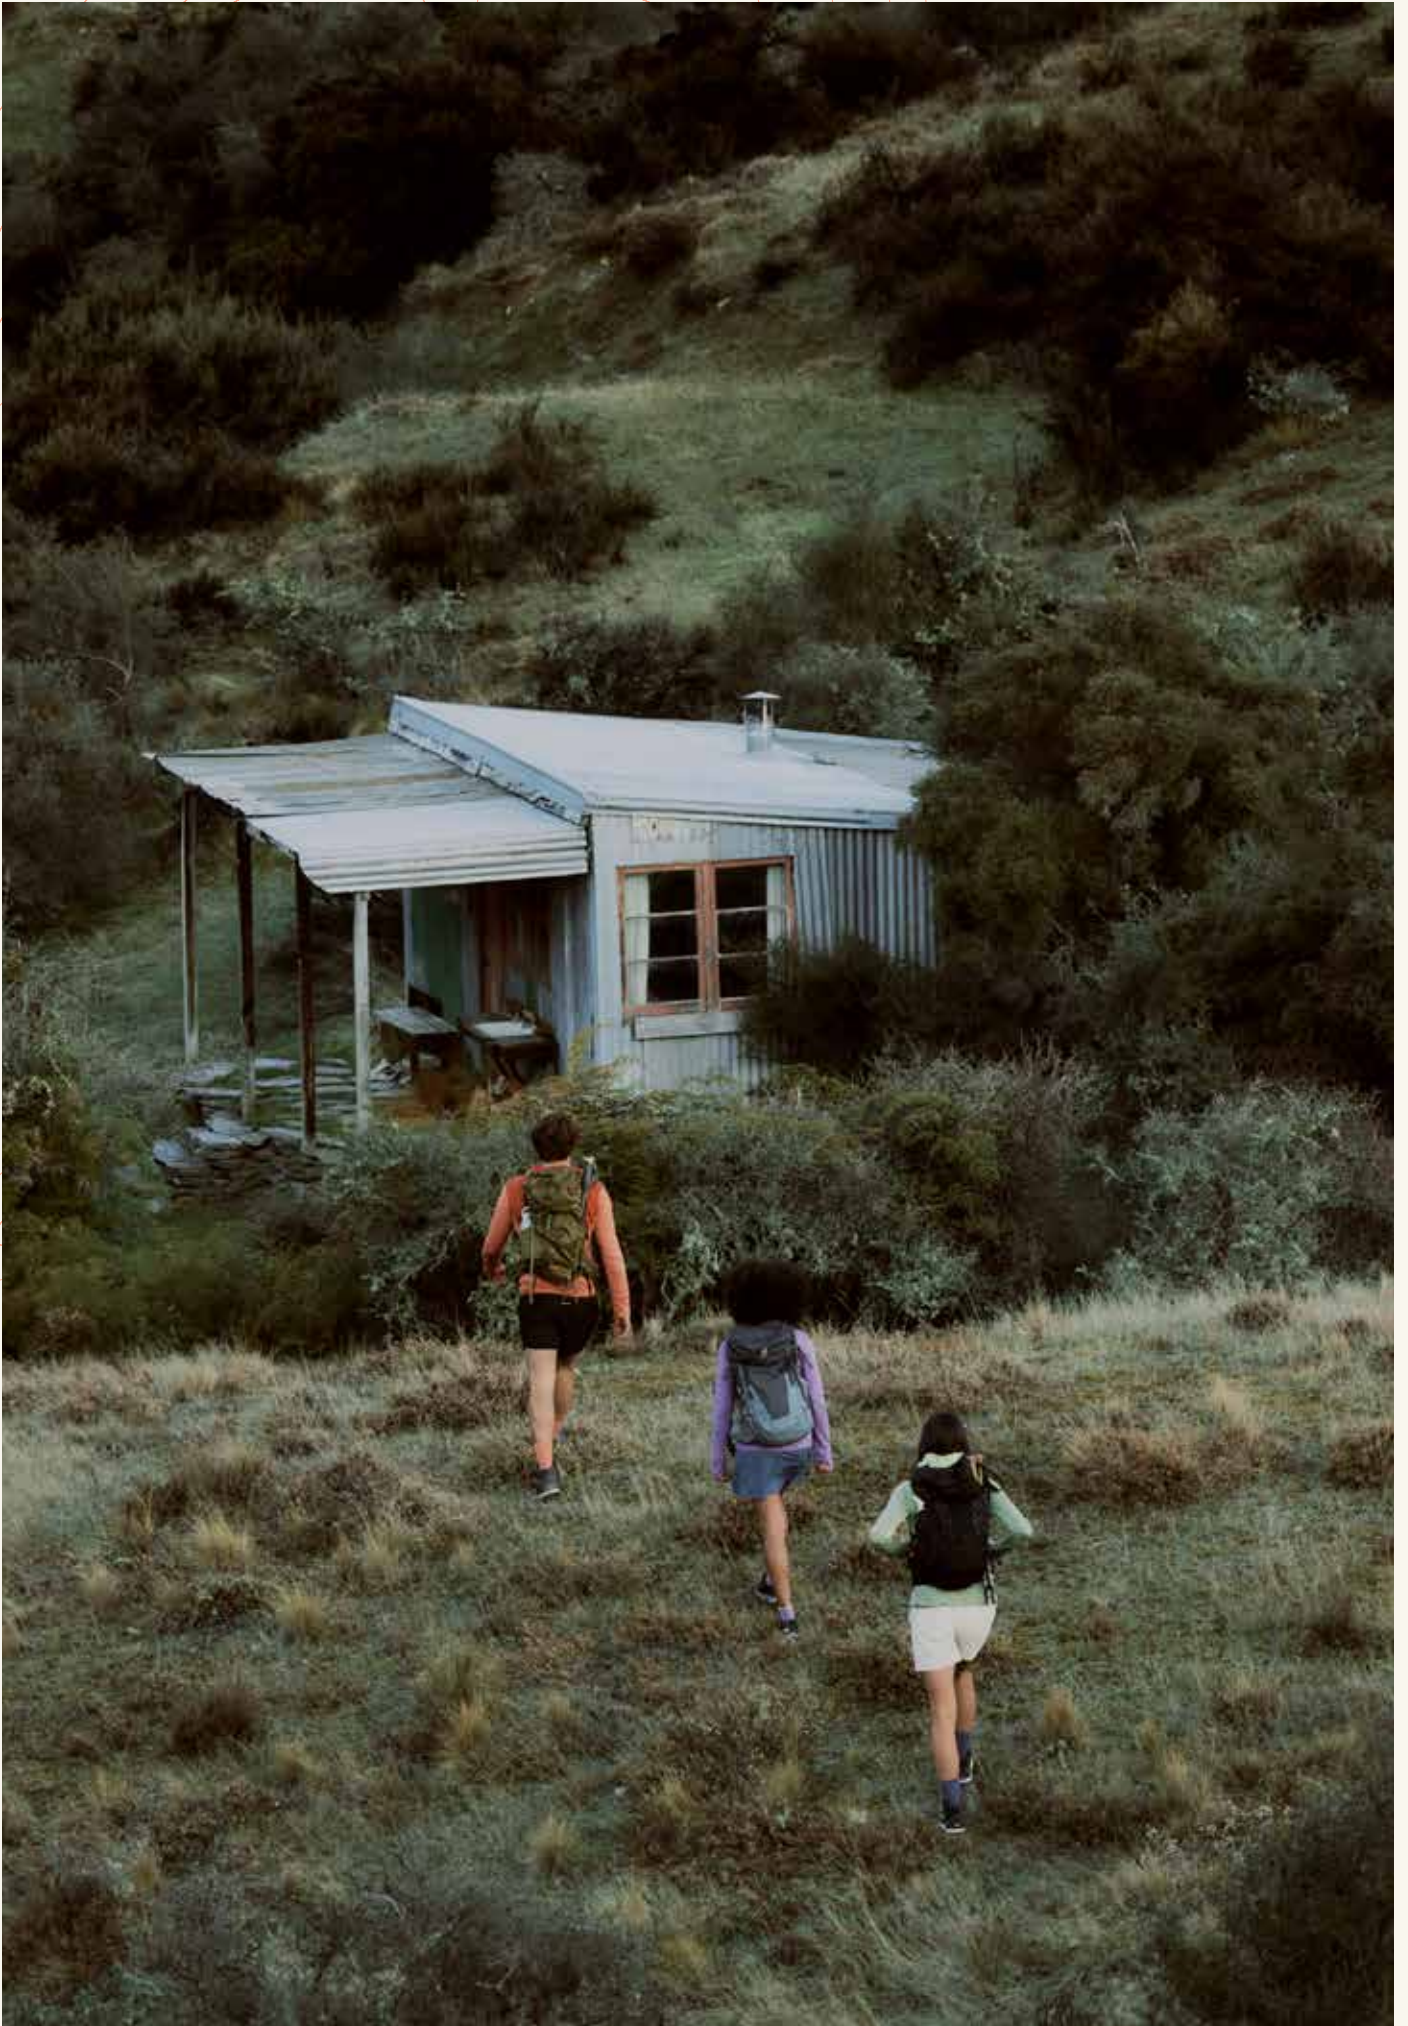

We provide natural products to help our customers feel and perform better, whatever their activity, any day of the week. This way, we offer consumers more options and reasons to enjoy their icebreaker, while creating more opportunities for innovation.

Purpose-led.

We've been a purpose-led brand since the very beginning. Move to natural is our rallying cry, it's both the vision for our product and an invitation to consumers to join the movement.

Consumer mindset.

The world is shifting to a more natural way of living. The icebreaker consumer works and trains during the week, while at the weekends they spend their time outdoors, running, hiking and skiing. Our products need to serve them seven days a week if we want to support this mindset, to enable our customers to truly move to natural.

Our brand

Natural innovations.

RealFleece®

Brushed merino wool naturally resists odours and helps regulate body temperature, while combining with the softness of TENCEL™ lyocell fibers designed for comfort next-to-skin.

Cool-Lite™

Lightweight and breathable fabric blend that's quick drying and helps to keep you cool.

ZoneKnit™

Zoned engineered performance to help regulate your body temperature during high-intensity activity.

100% Merino wool

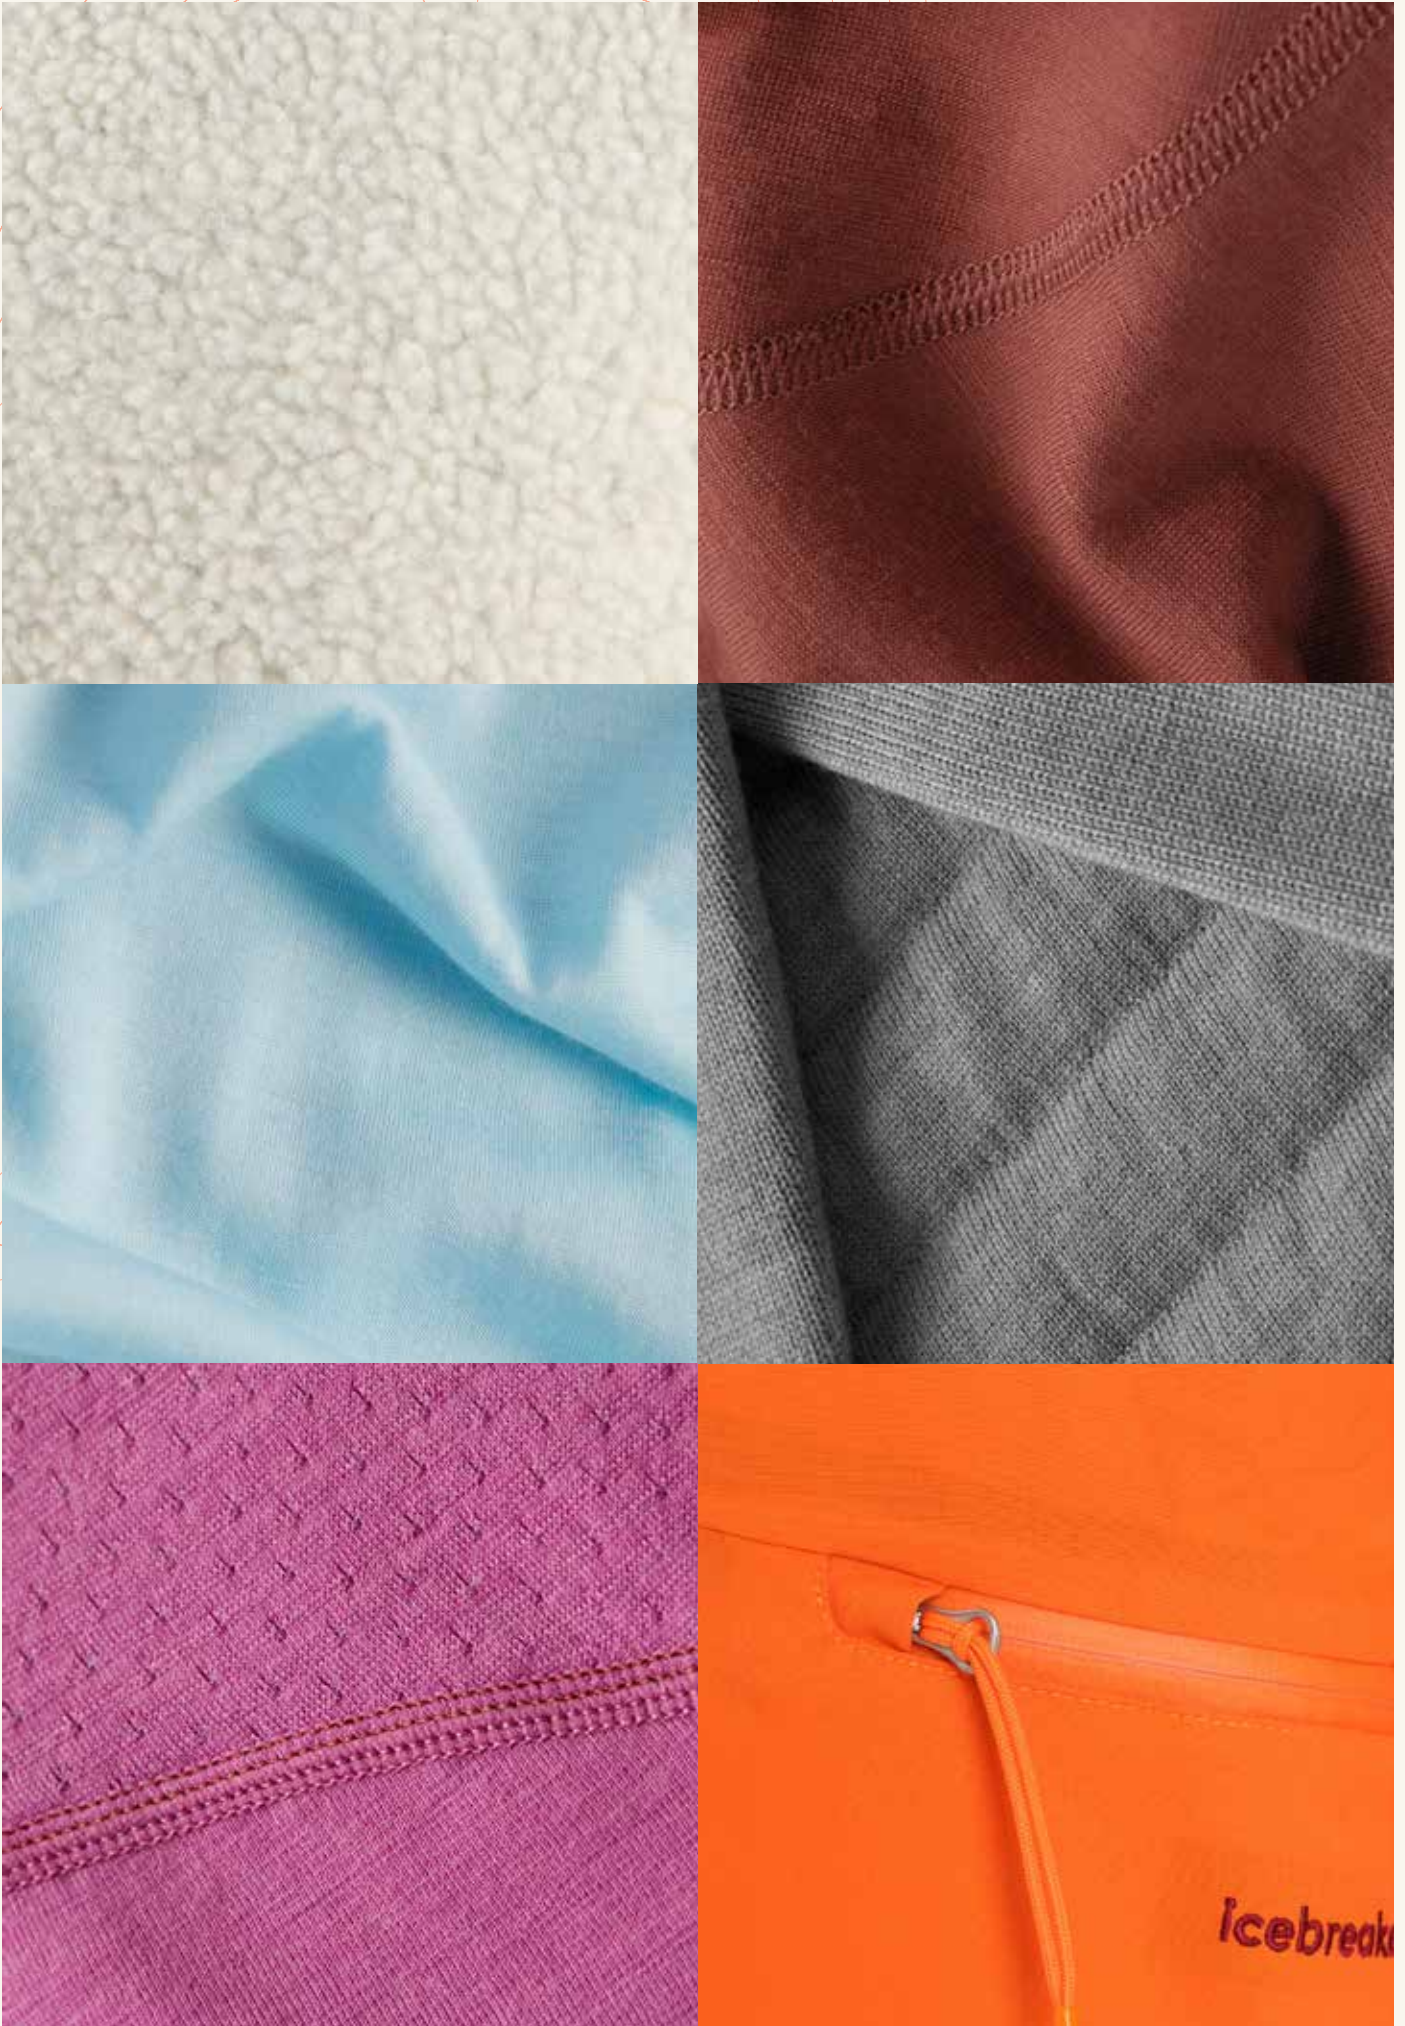

Soft, lightweight and naturally odour resistant fibre that keeps you warm when it's cold and cool when it's warm.

MerinoLoft™

Merino wool insulation with a high warmth-to-weight ratio to help keep you warm during cold-weather activities.

Shell+™

Highly wind-resistant with a water-repellent (non-PFC DWR) finish to keep you protected from wind and light rain.

Our brand

Four hero categories.

Underwear

Our underwear category complements our layering system perfectly. Ideal for active or casual use, our underwear is designed to be super soft and ultra comfortable.

Base layers

Our base layers represent the core of our brand. Today most are made with 100% Merino wool. Our base layers are versatile, comfortable and naturally odour resistant.

Tees

We have the perfect, high-performing tee for your next adventure. Made with a variety of fabrics, from natural Merino wool to TENCEL™ Lyocell, now even more of our tees are plastic-free.

Mid layers

Our insulating mid layers deliver a buffer for moisture and a shield from the cold. This season, our RealFleece innovation is an important opportunity for growth. Brushed Merino wool naturally resists odours and helps regulate body temperature, while combining with the softness of TENCEL™ Lyocell fibres designed for comfort next-to-skin.

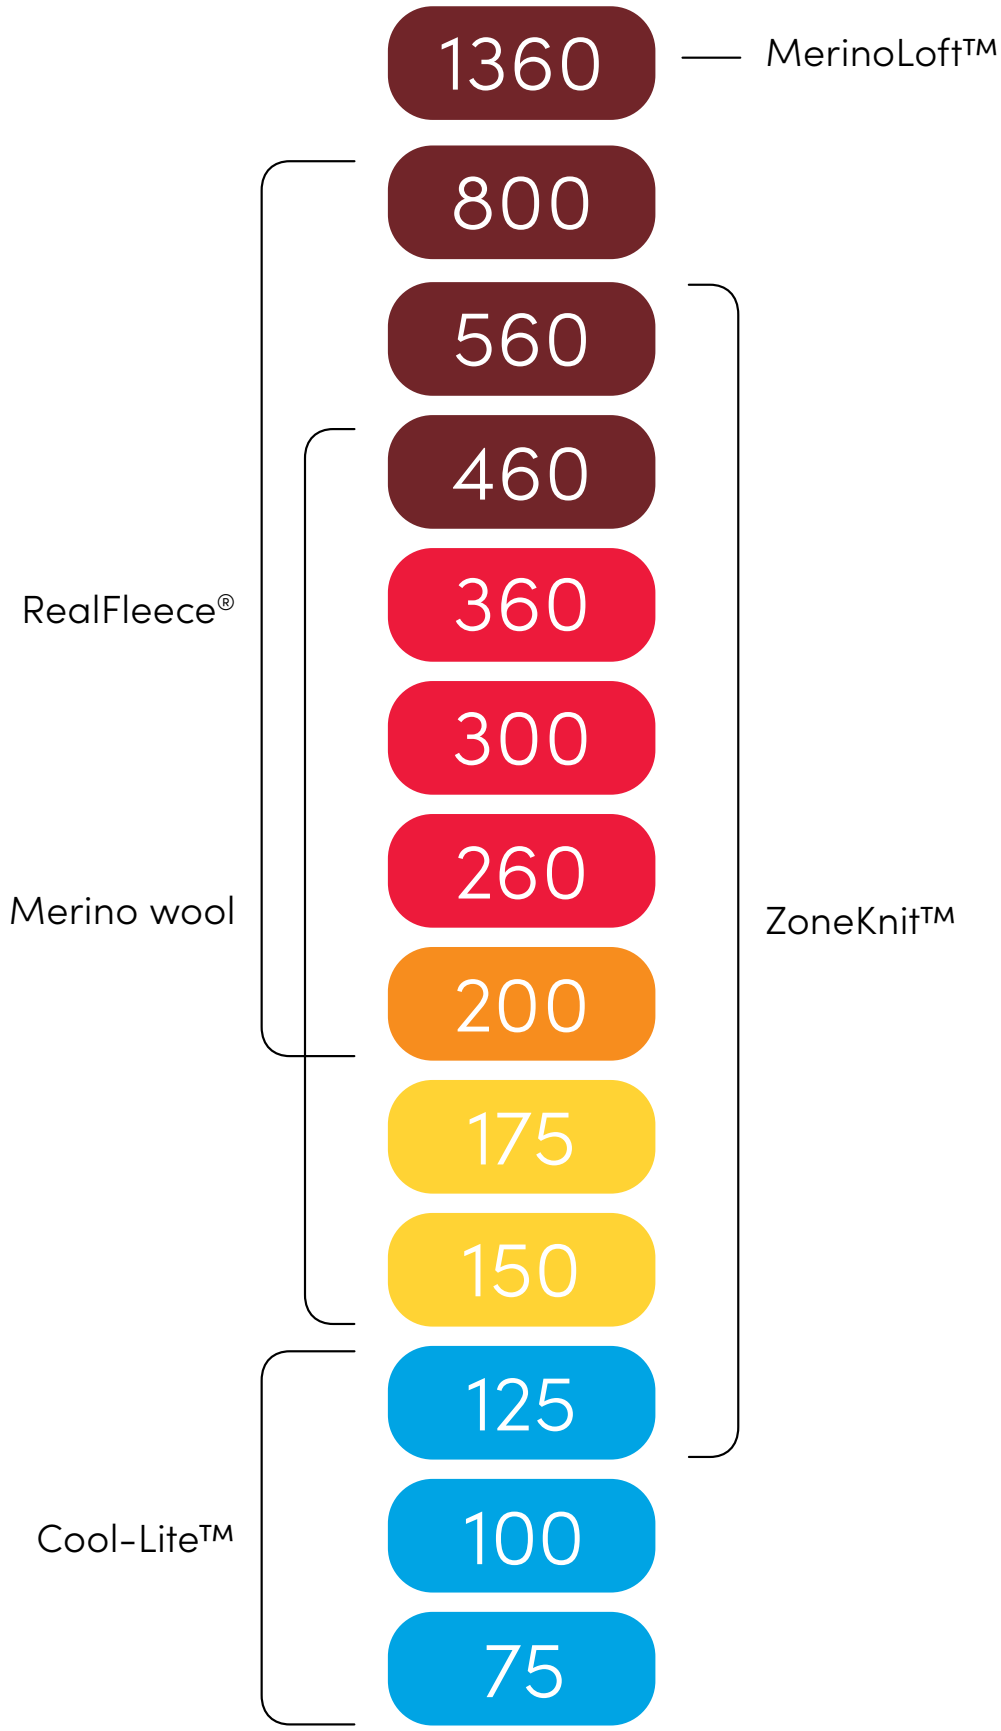

Our brand

The icebreaker warmth system.

We've adapted the warmth system to include more of our products but the same principle still applies: the bigger the number, the warmer you'll be. The lower the number, the cooler you'll be.

Our brand

Our layering system.

Underwear

Start the day with nature next to your skin. Soft and lightweight fibres that allow your skin to breathe, for freshness and comfort all day.

Base/First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

Seasonal themes & stories

We are the pioneers
and innovators of merino
performance apparel.

Seasonal design theme

Fusion

Inspired by nature's vibrant energy and the power of connection on the trail, this season we embrace Fusion. Infused with vivid hues and geometric designs, this collection mirrors your dynamic landscape as you stride through nature.

Seasonal marketing theme

30 years

30 years ago, we had a different idea, an idea big enough to challenge an outdoor industry dominated by plastic and synthetics. The idea that nature has the answer. Join us in celebrating three decades of icebreaker innovation; in taking the hard route in pursuit the excellence; in crafting natural merino fibres into premium clothing that enable people to perform naturally better.

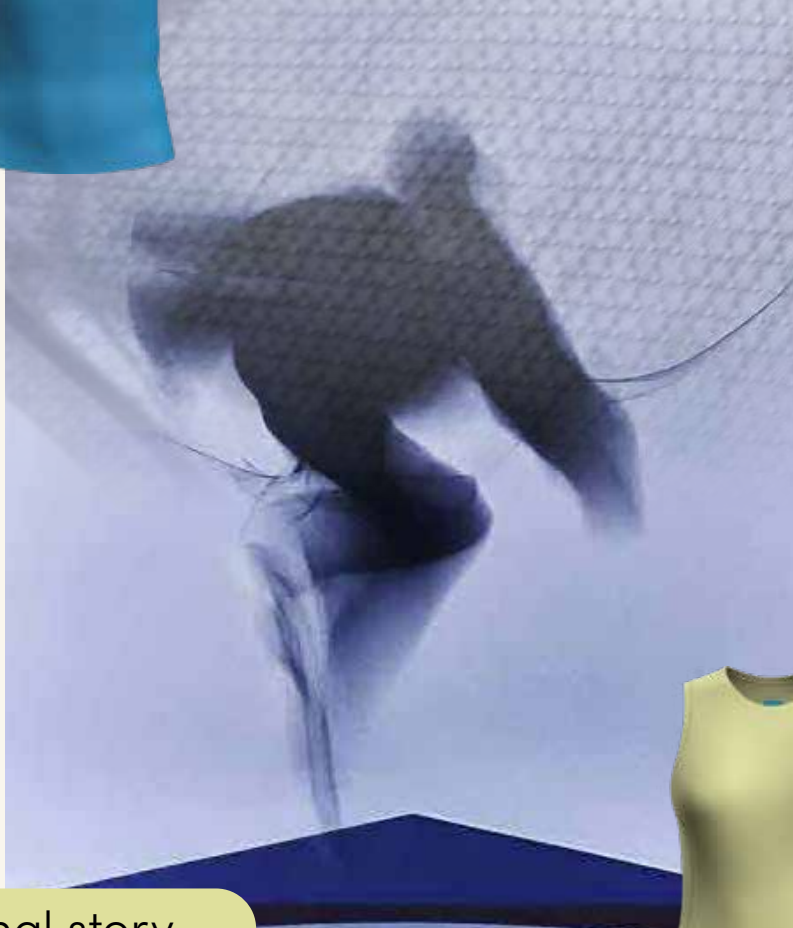

Seasonal story

Wear merino in summer.

Somewhere along the way outdoor enthusiasts have come to believe that merino wool is made to be worn only when temperatures drop. But in reality, merino is the perfect fabric to wear when summer turns up the heat. Naturally soft, lightweight and breathable it helps regulate your body temperature in any situation you find yourself in.

Seasonal story

Featherlight.

Just like the name suggests, Featherlight is our lightest and most breathable fabric crafted from a blend of merino wool and TENCEL Lyocell™ (sourced from renewable raw material derived from eucalyptus).

Seasonal story

100% Merino Tech Lite.

Whoever said the best performance t-shirts are made from polyester has never experienced merino. With its soft, lightweight, breathable and odour-resistant 100% natural fibres, our iconic t-shirt is made to fit in any situation you find yourself in.

Seasonal story

The O-Zip.

The O-Zip is our growers' uniform, many growers still wear the original O-Zip every day on farm. The new O-Zip is a modern take on an old classic, inspired by 30 years of design in a contemporary, active fit, with heritage features.

Women

Base layer

Sitting softly next to your skin, natural fibre base layers move and breathe in harmony with your body for comfort all day long.

The background of the entire page is a purple topographic map. It features various contour lines of different thicknesses and colors, ranging from light purple to a slightly darker shade. The lines represent elevation and terrain, with some areas showing concentric circles and others showing more irregular, wavy patterns. The overall effect is a stylized, abstract representation of a natural landscape.

Reference

Women

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

Upper Body Measurements

Woman (inches)	WXS	WS	WM	WL	WXL
Bust	32¼	34½	37	39½	42
Height	5' 5¼	5' 6	5' 6½	5' 7	5' 7½

Woman (cm)	WXS	WS	WM	WL	WXL
Bust	82.0	88.0	94.0	100.0	107.0
Height	167.0	168.0	169.0	170.0	171.0

How to measure:

Bust	Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself.
Height	This is your true height, without the assistance of shoes.

In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

Lower Body Measurements

Woman (inches)	WXS	WS	WM	WL	WXL
Waist	25¼	27½	30	32¼	35
Hip	35½	37¾	40	42	44½

Woman (cm)	WXS	WS	WM	WL	WXL
Waist	64.0	70.0	76.0	82.0	89.0
Hip	90.0	96.0	102.0	107.0	113.0

Woman (inches)	WXS	WS	WM	WL	WXL			
Woven bottoms sizes	26	27	28	29	30	31	32	33

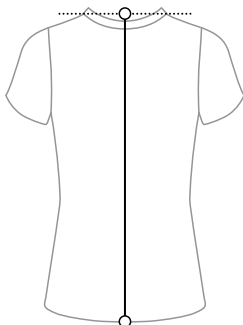

How to measure:

Waist	Measure the smallest part of the torso.
Hip	Place the measuring tape around the body at the fullest part of the hip, feet together.

In instances when your body measurements for waist and hip are in different suggested sizes, we recommend going with the size from your hip measurement.

Back Length

BL is measured from the high point of the shoulder

Back Length

Fit On Body

BL is measured from the high point of the shoulder

Kids

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

How to measure:

Chest	Place tape measure across your back, underneath your arms and then across the fullest part of the chest.
Height	This is your true height, without the assistance of shoes.

In instances when your body measurements for chest and height are in two different suggested sizes, we recommend going with the size from your chest measurement.

Socks & compression sizing

If you are between sizing, we recommend you size down.
